# Anirudh G

Bangalore, Karnataka| 9353818565| anirudhgopinathan04@gmail.com | linkedin.com/in/anirudh-g-3617a6317

## Profile

Aspiring engineering student currently pursuing B.Tech in Information Science, passionate about web development, eager to contribute and learn new skills through real-world internship experiences.

## Projects

### Movie App

 A web application that lets users browse and search for movies using a public API. Displays movie posters, release dates, and metadata. Built using React.js with modern UI design.

### My Contacts List

A backend-only application providing a RESTful API for managing contacts. Includes user authentication and CRUD functionality using Express.js.

### TicTacToe

 A simple browser-based two-player game using JavaScript, HTML, and CSS with basic game logic and visuals.
